Ninth Warders Discredit Tales of Immorality in School No. 3.

Miss Lewis Attributes Tinsdale's Charges to Spite and Jealousy.

Ninth Warders are in a state of mind over the scandal in Grammar School No. consequent on the charges against Principal Southerland and Miss Isabelle F. Lewis, one of his teachers, made by Trustee Tinsdale, as published in yesterday's Evening Wonld. There is a feeling among many resi-

dents of the ward of indignation against the trustee, who makes these indefinite allegations against two persons who have hitherto borne unblemished characters. and then refuses to substantiate them with a bill of particulars.

The teachers of Grammar School No. 3 have held an indignation meeting and prepared a statement of their belief in the integrity and innocence of the implicated parties and protesting against such insin-
